## Abstract Review Rubric:

### Meta Analysis / Systematic Review

ABSTRACT ID: \_\_\_\_\_

	Components (not all inclusive)	Basic/Beginning (1)	Emerging (2)	Developing (3)	Accomplished (4)	Exemplary (5)	Notes/ Score
<b>Admin Information</b>	Identification, authors & affiliations, support/sponsor, registry as applicable	Does not include Administrative Information	Includes inaccurate Administrative Information	Includes adequate Administrative Information	Includes developing professional Administrative Information	Includes professional and appropriate Administrative Information	
<b>Introduction/ Background</b>	Rationale/Objectives	Demonstrates an incomplete and/or incorrect review of known and concise and explicit statement of question/objective	Demonstrates a minimal review of known and concise and explicit statement of question/objective	Demonstrates a partial review of known and concise and explicit statement of question/objective	Demonstrates an adequate review of known and concise and explicit statement of question/objective	Demonstrates a thorough review of known and concise and explicit statement of question/objective	
<b>Methods</b>	Protocol, criteria, data sources, bias	Demonstrates an incorrect detail of eligibility criteria and data sources & assessment of risk bias	Demonstrates a minimal detail of eligibility criteria and data sources & assessment of risk bias	Demonstrates a partial detail of eligibility criteria and data sources & assessment of risk bias	Demonstrates an adequate detail of eligibility criteria and data sources & assessment of risk bias	Demonstrates a thorough detail of eligibility criteria and data sources & assessment of risk bias	
<b>Results</b>	Characteristics, collection, management, synthesis, integrity, bias /risk	Outlines an incomplete and/or incorrect review of studies/participants, direction, size, & meaning of summary effects	Outlines a partial review of studies/participants, direction, size, & meaning of summary effects	Outlines an elementary /basic review of studies/participants, direction, size, & meaning of summary effects	Outlines a complete and effective review of studies/participants, direction, size, & meaning of summary effects	Outlines a complete, effective, and detailed review of studies/participants, direction, size, & meaning of summary effects	
<b>Discussion</b>	Evaluate evidence, results interpretation and implications	Does not demonstrate understanding or presentation of evidence attributes & results interpretation and implications	Demonstrates a minimal understanding or presentation of evidence attributes & results interpretation and implications	Demonstrates an adequate understanding or presentation of evidence attributes & results interpretation and implications	Demonstrates a partial understanding or presentation of evidence attributes & results interpretation and implications	Demonstrates a thorough professional understanding or presentation of evidence attributes & results interpretation and implications	
<b>Organization (grammar, syntax, professional, terminology, etc.)</b>		Demonstrates an incorrect understanding of grammar/syntax and fails to use appropriate professional terminology. Does not include citations	Demonstrates a basic understanding of grammar/syntax, fails to use appropriate professional terminology. Includes incorrectly formatted citations	Demonstrates an adequate understanding of grammar/syntax and developing use appropriate professional terminology. Includes minimal sources/ correctly formatted citations	Demonstrates a thorough understanding of grammar/syntax and appropriate professional terminology. Includes adequate sources, correctly formatted citations	Demonstrates professional use of appropriate grammar/syntax, and appropriate professional terminology. Includes multiple sources, correctly formatted citations
